

BREAK BARRIERS TO ALIGNMENT A.C.T. IN PARTNERSHIP®

A.C.T. in Partnership® develops the psychological safety through candid and crucial discussions required for **alignment** to shared objectives while forging the **collaboration** and **trust** to execute with excellence.

GREAT FOR:

- Groups needing to define and align to a north star (i.e., vision/ strategy/ plans/ priorities).
- Intact & cross-functional teams with a north star but operating in silos or wasting time in unproductive conflict and competing priorities.

Delivered in-person, virtually or blended.

Multiple formats to fit your time and budget constraints.

Includes Perpetual Alignment, Collaboration and Trust (P.A.C.T.) meetings.

Includes the scientifically valid and reliable **Alignment Calculator** to measure the frequency to which your team is currently aligned - and determine what is necessary to improve.

OUTCOMES

- Rapid alignment to imperatives and a shared definition of success.
- Ability to break barriers through safe, candid, truth-telling discussions.
- Elevated culture norms required to execute imperatives and consistent with organizational values.
- Empowered employees equipped to sustain strengthened alignment, collaboration and trust with colleagues.

The tools and create an engaging culture that produces sustainable results year after year despite the changing strategies and priorities.
